

# Doug Fraser

Carmangay has been my home for most of my life, and I want to continue to make it a place that everyone is proud to have as a home.

I would like to see Carmangay grow and prosper and will work with the various organizations that I belong to that can make that happen.

I am very happy to have an administration and village manager that make our job more productive.

**Nominee for  
Carmangay Village Council**
